Insurance Paid Over.

The officers of Wheeling Council
1275, Royal Arcanum, called on Mrs. C.
E. Carothers at her residence on Four-
teenth street and paid her \$3,000. Her
son, Howard F. Carothers, was a char-
ter member of Wheeling Council. His
is the first death in the membership.
This insurance had cost him, all told,
\$24 06.

Caught Between Coal Cars.

Fred Gersting, a young mine worker
nineteen years old, and a son of the
miner of the same name, was painfully
injured Monday while at work in the
Boggy's run coal mines. In some manner
he was caught between two coal
cars and squeezed pretty hard. Dr. H.
T. Ford was called in and attended to
the injuries, which, though painful, are
not dangerous.

The Weather in February.

In February there were nine fair
days, and one clear. It rained on nine
days, snowed on seven and was cloudy
on three. The coldest day was on Sat-
urday, the 6th, when the thermometer
got down to 10°, and the warmest was
Wednesday, the 24th, when the mer-
cury was up to 61°. The average tem-
perature for the month was 43.2°. The
rainfall in the month was 2.65 inches.
Mr. C. Schnepp, the government ob-
server, furnishes the report.

Transfers Recorded.

Clerk Hook yesterday admitted to
record one deed of trust and transfers
of real estate as follows:

February 23, by Charles Klein and
wife to Nicholas Schener, for \$425, lot
25 in Klein & Stifel's sub-division of the
Grandview addition.

March 4, 1889, by the adult heirs at
law of Thomas K. Bayliss, deceased, to
William E. Freese and Frederick Baker,
a deed of correction for a small parcel
of land on Caldwell's run, containing 4
acres, 2 rods and 20 poles.

February 25, 1892, by Mariah Bayliss,
special commissioner, to William E.
Freese and Frederick Baker, for \$316 67,

"The Limited Mail."

Last night the Opera House was
filled upstairs and down, and it has
been many a day since as enthusiastic
audience has been seen there. "The
Limited Mail" is a very sensational
play, but the scenes, episodes and de-
vices are mainly original, with the ex-
ception of the saw mill scene, which is
reminiscent of "Blue Jeans." The com-
pany is all satisfactory. Miss Sher-
wood deserves the sobriquet she has
on the programme, the "sweet manipu-
lator of the wires." Master Blaney is a
show in himself. Mr. Bloom is the best
"bum" ever seen on a Wheeling stage.
Messrs. Dixon, Xavier, McFadden and
Coyne showed capacity, and Miss Vance
is vivacious and charming. The letters
of fire in the air, the telegraphic love
making, the dog sent "by wire," the
railroad scenes and the specialties
would make any show a success. The
laundry swinging, the acrobatics of
young Blaney and the singing were all
good.

"Evangeline" This Evening.

Rice's "Evangeline" is one of the best
burlesques and extravaganzas ever pro-
duced on the American stage. This is
demonstrated by the life it has had.
For years it has been a standard popu-
lar attraction, and it is not dead yet.
The company this year is said to be as
good as ever, and it includes some of
the original favorites who made the
play popular. It will be seen at the
Opera House this evening, with forty
people in the cast. It has made a dozen
fortunes for managers, and has brought
to the front more good people than any
other piece ever put on the stage.
Among these is Dixey, Richard Golden,
Sol Smith Russell, William H. Crane,
Mestayer, Goodwin, Lillian Russell,
Annie Pixley, Fay Tompkins, Pauline
Hall and as many more.

Gray & Stephens' "Vesper Bells."

The Grand contained another large
audience last night to see "The Old
Oaken Bucket." This afternoon there
will be a grand matinee, when the
beautiful drama "Vesper Bell" will be
produced, with all of its fine scenery,
the wonderful St. Bernard dogs, and
ponies. This evening closes the engage-
ment, when "Vesper Bells" will be re-
peated.

A GOOD NEW INDUSTRY

Which it is Proposed to Establish
Here as Soon as Possible.

A VERY LIBERAL OFFER SUBMITTED.

Wheeling Capitalists Asked to Loan
\$40,000 and Take Stock and Bonds
in Equal Amounts for the Full Sum,
the Loan to be Repaid in Five
Years.

Mr. A. S. Howell, of this city, and F.
W. Thayer, of F. W. Thayer & Co., of
Milwaukee, manufacturers of babbitt
metal and brass and bronze founders,
have addressed a circular to Wheeling
capitalists asking a loan of \$40,000 to
start a new industry here. These gen-
tlemen own patents on a special babbitt
metal, which is already in use on a
number of railroads, including the Ohio
River road, and they propose to engage
in the manufacture of this metal and
other castings which are used in con-
nection with it. The proposal in their
circular is as follows:

\$12,000 will furnish a complete plant,
sufficient to produce \$250,000 business
per annum, and we should require about
\$30,000 for working capital. Half the
above amount of annual sales are al-
ready assured us, and we are prepared
to show that there is a handsome profit
on sales. Our plan is to form a syndi-
cate of influential business men in
Wheeling, willing to loan us \$40,000
cash, for which bonds will be given
(bearing 6 per cent annual interest,) and
take \$40,000 of our capital stock, paid
up and non-assessable, as a bonus for
said loan, which is to be repaid from
the funds of the company, in equal pay-
ments, maturing in 1, 2, 3, 4 and 5
years.

In other words, the syndicate got six
per cent annual interest on their money
invested, own their stock, and get their
original investment back in equal yearly
cash payments. Furthermore, three-
fourths of the entire stock of this com-
pany will be placed in the hands of
some responsible trust company in
Wheeling, for the entire five years, or
until said bonds are fully paid with
interest, and said trust company to re-
present and control the financial inter-
ests of said syndicate and company.
We are the sole owners and manu-
facturers of our Anti-Friction Babbitt
Metal that has the highest record with
railroads and mill trade as a lubricating
babbitt metal, and with which we bab-
bitt and line our car bearing, producing
an average of 130,000 mileage on leading
railroads.

SUNDAY SCHOOL CONVENTION.

A State Gathering to be Held at Parkers-
burg Late in March.

Hon. B. F. Martin, president of the
state Sunday school convention execu-
tive committee, sends the following to
the INTELLIGENCER:

A state Sunday school convention will
be held in the M. E. Church, at Parkers-
burg, March 22 and 23, 1892. Each
Sunday school is entitled to two dele-
gates in addition to ministers of the
Gospel.

Reduced rates of fare on railroads
have been secured and round trip tick-
ets can be had at all stations on pre-
sentation of printed certificates which
will be placed in the hands of persons
along the line of railroads, or will be
furnished by the undersigned upon re-
ceipt of a letter requesting a certificate.

On their arrival at Parkersburg the
delegates will report to the committee
on entertainment in the lecture room
of the M. E. Church. It is earnestly
requested that Sunday school workers,
of all denominations of Christians
throughout the state, will take an ac-
tive interest in securing a full represen-
tation.

An Important Difference.

To make it apparent to thousands,
who think themselves ill, that they are
not affected with any disease, but that
the system simply needs cleansing, is to
bring comfort home to their hearts, as
a costive condition is easily cured by
using Syrup of Figs. Manufactured by
the California Fig Syrup Co. DAW

"Columbian Exposition and World's Fairs."

The lecture at the Disciple church on
Tuesday, March 8, on the above sub-
ject, ought to attract wide attention es-
pecially among the schools, as there is
to be instruction along this line. Hon.
Jasper S. Hughes, of Chicago, who de-
livers the lecture, is a member of the
Chicago Lecturer's Association. He re-
cently gave this lecture in St. Louis
with great success. Admission 25c.
